

## Winemakers' Selection 2013

A dry red wine produced as a blend from carefully selected grapes in our vineyards from the distinguished varieties: Merlot (54%), Carmenere (27%), Aglianico (7%) and Vranec (12%). The wine has a deep ruby red color with a bright hue and transparent shine. The aroma is complex; the dominant fruitiness character unveils tender hints of ripe morello cherries that gradually turn into vegetal undertones. The taste is full-bodied, with a velvety structure, soft tannins, and with a long aftertaste.

This wine is perfectly combined with selected cheeses, Italian sausages and various meat specialties.

Recommended serving temperature: 14-16°C.

Alcohol: 14,5 % by Vol.

Bottled: October 2014
