

## Golden Temjanika 2014 *THE FIRST MACEDONIAN GOLDEN WINE*

Golden Temjanika is a premium dry white wine produced from selected grapes of the Temjanika variety. The characteristics and the attractiveness of this wine are emphasized with the tender leaves of genuine 24-carat gold added in the wine itself. Golden Temjanika, except for its ultramodern and tenderly glittering appearance, is characterized with dominant fruity aromas of dry apricots and orange peel complemented with spicy undertones. The taste is medium full, well balanced, with a harmonious freshness and with a fruity and spicy aftertaste. The gold leaves in this wine are edible, anti-allergic, safe for consumption and gastronomic use, and do not affect the taste and the nose of the wine.

Golden Temjanika is a wine inspired by the magnificence of the ordinary moments we share with others. The visual extravagance and the touch of luxury of this wine send out a message reminding us of the beauty and preciousness of enjoying life's simple moments.

Enjoy this wine as an appetitive, combined with light starters, with assorted cookies, apple pie or poached pears.

Recommended serving temperature: 8-10°C.

Alcohol: 13.5 % by Vol.

Bottled: June 2015
