

## Ten Barrels Cabernet Sauvignon 2006

A Premium dry red wine produced 100% from carefully selected Cabernet Sauvignon grapes from the Skopje wine region. It is distinguished for the beautiful and vivid ruby red color with crystal clearness. Aged for 22 months in new 225l oak barrels, it has a complex, fruity and spicy nose combined with vanilla and smoke aromas and discrete notes of mint and clove. The palate is full-bodied, well balanced, with expressive tannin structure and lively acidity, which makes this wine fresh and lively, with a long and pleasant finish. The appropriate cellaring of several years will ensure the development of its further complexity.

Enjoy it with red meat or game dishes, strong cheeses and a variety of flavorful spicy meals. Served best at 14-16°C. Decanting prior to serving is highly recommended.

Bottled: January, 2009
