

Ten Barrel Cabernet Sauvignon 2007

A premium dry red wine produced from 100% carefully selected Cabernet Sauvignon grapes from the Skopje vine district. The wine has a dark ruby red color with a discrete dark red hue. A genuine reserva wine with a recognizable, mature, varietal and complex nose; it gives off red berries, like black currant and blackberry, and dried plums in a combination with lychee, vanilla, smoke and toasted aroma. This complex aroma is a result of the 24 months of ageing in the new French and American oak barrels of 225 liters. The taste is full-bodied, round and velvety, with fine silky tannins and with a long sweet aftertaste.

Best served at 14-18°C. It is perfectly combined with various types of meat and rich dishes.
