

Golden Temjanika 2020

Golden Temjanika is a premium semi-dry white wine made from selected Temjanika grapes. The characteristics and the attractiveness of this wine are emphasized with the tender flakes of genuine 23-carat gold added in the wine itself. Golden Temjanika, except with its ultramodern, tenderly glittering appearance, is characterized with complex fruity aromas of dry apricots and orange peel, complemented with discreet spicy undertones. The taste is full-bodied, well balanced, with a harmonious freshness and with a fruity and spicy aftertaste. The gold flakes in this wine are edible and safe for consumption and gastronomic use; they do not affect the taste and the nose of the wine.

Golden Temjanika is a wine inspired by the magnificence of the ordinary moments we share with others. The visual extravagance and the touch of luxury of this wine send out a message reminding us of the beauty and preciousness of enjoying life's simple moments.

Enjoy this wine as an appetitive, combined with light starters, with assorted cookies, apple pie or poached pears.

Recommended serving temperature: 7-10°C.

Alcohol: 13.5% by Vol.

Bottled: August 2021
