

## Sauvignon Blanc 2011

The wine is produced 100% from the Sauvignon Blanc variety of grapes grown in our own vineyards, nearby the Chateau Kamnik winery. This wine has a specific yellow-green color and crystal clearness. The nose is varietal, opening a wide spectrum of impressive exotic notes, from vegetative to tropic fruits, discretely giving off passion fruit and gooseberries.

The taste is medium full, varietal, with a typical freshness, mineral subtones and with a pleasant and harmonious aftertaste.

Enjoy this wine chilled at 8 -10°C, with fresh seafood, salmon starters, green salads and chicken meat.

Alcohol: 14,1 % Vol.
