

Sauvignon Blanc 2013

Estate bottled wine, produced 100% from the Sauvignon Blanc variety. This wine has a specific green-yellow color and crystal clearness. The nose is varietal, opening a wide spectrum of impressive vegetative tones of exotic tropic fruits, discretely giving off passion fruit and gooseberries. The taste is medium full, varietal, with a typical freshness, mineral subtones and with a pleasant and harmonious aftertaste.

Enjoy this wine chilled at 8-10°C, with fresh seafood, salmon starters, green salads and chicken meat specialties.

Alcohol: 12.7 % Vol.

Bottled: March, 2014
