

WINEMAKERS' SELECTION 2017

A dry red wine produced as a blend of carefully selected grapes of the distinguished varieties: Vranec (40%), Merlot (40%) and Carménère (20%). The wine is characterized by a ruby red color. The aroma is complex; the dominant fruity and spicy character reveals ripe cherries complemented with discreet vanilla undertones. The taste is full-bodied, with a velvety structure and soft tannins which enable the long aftertaste and the bottle ageing capacity of several years.

This wine is a perfect match with selected strong cheeses, Italian sausages and various meat specialties.

Recommended serving temperature: 12-15°C.

Alcohol: 14.5% by Vol.

Bottled: May 2018

Awards: Sakura 2019, Japan – **Gold Medal**
